

LONDON COCKER SPANIEL CLUB – BITCHES

Woking Leisure Centre – 07th December 2019

Thank you to the Secretary and committee for inviting me to judge this prestigious championship show.

Thanks, also to the exhibitors for entrusting me with their charges, all be it fleetingly and for their entry.

In general, I found presentation to be of a high standard, the majority clean with little or few knots. However, I feel the need to comment on the high number of suspect mouth's I found, a scissor bite is a scissor bite, not a level bite or a scissor bite with a tooth out of alignment.

Loved my main winners for their breed type and true sound movement.
